June 25, 2025

Dear (name of company/individual),

As a representative of the Sparks Piranhas Swim Team, I would like to introduce you to our wonderful organization, which is dedicated to the youth of Washoe County! We were established in 1974 and are a 501(c)3 non-profit organization with swimmers ranging in age from five to eighteen years of age. We remain strong in our commitment to the Sparks area and our “piranha-tude” which our organization was founded. Through a positive and exciting team culture, we strive to develop many character traits such as confidence, commitment, leadership, and many more among our swimmers.

We will be hosting our Annual Piranhafest Pancake feed on September 6th, 2025. This is one of three annual events used to fundraise to expand our program by building a community within a community. We use these funds to help furnish scholarships, build team unity, and provide gifts to our athletes who have qualified for various championship competitions.

Community service is a strong foundation of our program, so we encourage our membership to participate in various community service projects. In the past we have collected donations from our families to help such organizations as Project 150 and Project Sweet Dreams. We plan on having another event like this at our fundraising event. We LOVE giving back to our community.

We are looking to your business for donations of products to feature in our Bingo prizes, silent auction, a gift basket to raffle off, or a monetary donation to help offset the cost of the food.

Can we count on you to help support our swim team and our continued leadership development efforts through your donation?

Your generous donation to this event will help support our swimming program. We appreciate your time and generous donation and look forward to working with you.

“At the foundation of our philosophy is the empowerment of our young athletes to be the very best they can be and establish them for greatness long after their swimming career! We pride ourselves on not only producing great athletes but also great leaders within the community. Our goal is to foster a culture which empowers our young athletes of today to be the leaders of tomorrow.” -- Head Coach Mike Richmond
